SUBJECT: PROCEEDINGS

ELEVENTH ANNUAL FLORIDA DAIRY PRODUCTION CONFERENCE

April 30-May 1, 1974

Dear Dairy Cooperator:

The Eleventh Annual Florida Dairy Production Conference brought together authoritative speakers on topics of current major interest to the progressive minded dairymen and agri-business friends in attendance. Use of dairymen who have carried out specific practices successfully along with college men and other speakers assured a practical approach to the problems and information on their solution.

Appreciation is expressed to all who participated in making it a successful Conference. We think the Proceedings with resumes on the different topics will serve as a reminder and source of information for reference.

Special appreciation is expressed to Dairy Farmers Inc. (DFI), South Florida Independent Dairy Farmers Association (IDFA), the Tampa IDFA, the Upper Florida Milk Producers Association, Suncoast Milk Producers Cooperative, U. S. Sugar Corporation and others for helping to finance and publicize the Dairy Conference.

Special thanks is given to the Dairy Division of the State Department of Agriculture and Consumer Services for their support and participation in the awards program on Tuesday evening, April 30.

A list of those attending the conference is included.

Sincerely,

*Barney Harris, Jr.*  
Barney Harris, Jr.  
Extension Dairy Nutritionist  
and Conference Chairman
