Table of Contents

Program Schedule	iii
Trends In Reproductive Performance In Dairy Cows: What Do The Numbers Tell Us? <i>Albert de Vries, Department of Animal Sciences, University of Florida</i>	1
Managing The Postpartum Cow To Maximize Pregnancy Rates <i>Carlos Risco, College of Veterinary Medicine, University of Florida</i>	10
Successful Timed AI Programs: Using Timed AI To Improve Reproductive Efficiency In High Producing Dairy Cattle <i>Milo Wiltbank, Department of Dairy Science, University of Wisconsin</i>	23
Economic Importance Of Improved Reproductive Performance <i>Albert de Vries, Jessika van Leeuwen, William Thatcher, Department of Animal Sciences, University of Florida</i>	33
Reproductive Data Management With PCDART <i>Dan Webb, Department of Animal Sciences, University of Florida</i>	45
Embryo Transfer That Works: Embryo Transfer As A Tool For Improving Fertility During Heat Stress <i>Peter Hansen, Dean Jousan, Jeremy Block, Department of Animal Sciences, University of Florida</i>	59
Getting Anovular Cows Pregnant <i>Milo Wiltbank, Hernando Lopez, Ahmet Gumen, Department of Dairy Science, University of Wisconsin</i>	69

Program Schedule

- AM
- 10:00 Trends In Reproductive Performance In Dairy Cows: What Do The Numbers Tell Us?
*Brent Broaddus, IFAS Dairy Extension, University of Florida, or
Albert de Vries, Department of Animal Sciences, University of Florida*
- 10:15 Managing The Postpartum Cow To Maximize Pregnancy Rates
Carlos Risco, College of Veterinary Medicine, University of Florida
- 10:45 Successful Timed AI Programs: Using Timed AI To Improve Reproductive Efficiency Of High Producing Dairy Cattle
Milo Wiltbank, Department of Dairy Science, University of Wisconsin
- 11:25 Economic Importance Of Improved Reproductive Performance
Albert de Vries, Department of Animal Sciences, University of Florida
- 11:45 Strategies For Healthy Herds
Steve Coop, Pfizer Animal Health
- PM
- 12:15 Lunch (sponsored by Pfizer Animal Health)
- 1:00 Reproductive Data Management With PCDART
Dan Webb, Department of Animal Sciences, University of Florida
- 1:20 Embryo Transfer That Works: Embryo Transfer As A Tool For Improving Fertility During Heat Stress
Peter Hansen or Dean Jousan, Department of Animal Sciences, University of Florida
- 1:45 Getting Anovular Cows Pregnant
Milo Wiltbank, Department of Dairy Science, University of Wisconsin
- 2:30 Speaker Panel (Milo Wiltbank, discussion leader)
- 3:00 PCDART Reproduction Workshop (Dan Webb, leader).

Locations

- March 2 Okeechobee County Extension Office, Okeechobee, FL
- March 3 Hardee County Extension Office, Wauchula, FL
- March 4 Marion County Extension Office, Ocala, FL
- March 5 Washington County Extension Office, Chipley, FL
